DENTAL / VISION

PIVOT HEALTH STM

Short-term medical plans are designed for temporary coverage throughout the various stages of life. Whether you're in a job transition, missed Open Enrollment, or simply need next day coverage, STM can be a great solution.

PIVOT PARTNERS

Pivot partners with leading national insurance carriers to bring longer term solutions. If you need coverage to take you the extra mile, consider Manhattan Life Fixed Benefit plan or OneShare Health a Health Care Sharing Ministry program for affordable, sustainable coverage.

GAP

Primary health insurance often comes with out-of-pocket costs that a supplemental plan can help cover. These plans provide cash benefits to assist with added costs in the case of an unexpected injury or illness.

ANCILLARY

Your healthcare package wouldn't be complete without dental and vision coverage. Bundle these plans with primary and supplemental coverage for a well-rounded insurance suite to manage overall health and well-being.
